

Dräger HPS® SafeGuard fire and rescue helmet

The Dräger HPS® SafeGuard is the extremely lightweight universal helmet for fire and rescue services. Its innovative design combines optimal protection with the highest levels of wearing comfort. Its sporty look, light weight and tailor-made accessories make the helmet a real all-rounder for any challenge.

Usability:

Optimal wearing comfort

Weighing just around 1,25 kg in its basic configuration, the Dräger HPS SafeGuard is one of the lightest helmets in its class. Its innovative design also ensures optimal weight

distribution of the fire and rescue helmet. These two factors combined offer you the best possible wearing comfort and the perfect fit for all types of movement, even when crawling.

The helmet is characterised by its advantageous weight distribution and the excellent climate characteristics: The excellent thermal insulation helps to protect you when fighting fires, ▶

Dräger

Technology for Life

Dräger HPS® SafeGuard

The Dräger HPS® SafeGuard is the extremely lightweight universal helmet for fire and rescue services.

Try out our new, exclusive 3D helmet configurator and discover the diversity of our HPS SafeGuard and HPS 7000 helmets in all their facets! Whether with your computer, tablet or smartphone - the configurator can be used with any device.

Personal protective equipment (PPE)

With its fully integrated, highest optical quality visors, your face and eyes are perfectly protected. Moreover, the additional multi-coating feature prevents it from fogging and scratching.

A gold coating not only provides the best possible protection against radiant heat but also gives the helmet a stylish look.

Connectivity: **Unhindered communication**

Thanks to the helmet shell's special design, your ears remain uncovered.

For you this translates to improved communication with your team that is being able to hear and speak to them clearly. Even the perception of background noises is flawless.
